3. speakers
4. hard drive
5. Ethernet
6. external hard drive
7. desktop
8. a motherboard
9. wireless
10. microprocessor

B.

SAMPLE: I use a DELL laptop for my work. I decided to choose it because it is reliable and has a long warranty period. Generally, I prefer laptops because they are easy to carry around. I find 4 Port USB hub really useful because I need to plug a lot of things.
